

# **PVS SC Senior Championships**

March 8-11, 2012

**Meet Referee:** Tim Husson

**Administrative Referee:** Jim Thompson

**Meet Director:** Brian Pawlowicz

## **Warmup:**

The warmup schedule is in the meet announcement, on the PVS website, and posted around the pool. Please note the times for specific sprint and pace lanes to open.

## **Scratch from Finals:**

Must be done at the Scratch Table, NLT 30 min. after the announcement of the results. Intent to Scratch must be cleared NLT 30 min. after the swimmer's last event. Otherwise the swimmer will be seeded into finals.

If you have a late scratch, notify the Administrative Referee ASAP. Unless there are extenuating circumstances, the swimmer is removed from remainder of the meet. We will try to post seedings for finals as soon as possible after the scratch deadline. The seeding will also be posted on the PVS website with the real-time results.

## **Order of Heats at Finals:**

The Jr Champs Consolation Final will be swum first, followed by the Jr Champs Championship Final, followed by the Sr Champs Bonus Final, the Sr Champs Consolation Final, then the Sr Champs Championship Final. The alternates must be near the Starting Area and ready to swim to be placed in a final.

## **Swim-Offs:**

The Deck Referee will arrange swim-offs. They must occur within 45 min. of the swimmers' last event of the session.

## **Time Trials:**

Time trials will be conducted following the Sr Champs preliminary sessions. Jr Champs swimmers may swim time trials. The time trials will begin approximately 15 min. after the end of the preliminary session. The deadline for signing up for a time trial event is 10am. Time trial events are counted as part of the three events per day limitation.

## **Relays:**

The 200yd relays are pre-seeded and will be swum at the end of the preliminary sessions on Saturday and Sunday (prior to the distance events).

The 400yd relays are positive check-in and will be swum at the end of the finals sessions on Saturday and Sunday. The positive check-in deadline is 9:30am (see schedule below)

Thee 800yd FR is positive check-in with the fastest heat of women and men swimming at finals. When you check-in for this relay, you can elect to swim it in the preliminary session.

## **Bulkhead:**

No swimmers or coaches are allowed on the bulkhead separating the two courses during the competition. The only exception is a single lap counter per lane for the distance freestyle events.
