At the completion of their races, swimmers will walk around the pool, along the scoreboard side wall, to return to their assigned area.
- Swimmers must follow all directions as posted and adhere to all marshal directions. Any attendee failing or refusing to comply with any of these protocols will be prohibited from entering the facility and/or asked to leave the facility.

### **Pre-Meet Warm-Up**

- Ten (10) lanes will be used for warm-up in accordance with USA Swimming guidelines.
- Swimmers will be assigned to specific lanes for warm-up.
- Wearing face masks and with cap, goggles, and a plastic zipper (Ziploc or similar) bag only, swimmers will exit the bleachers, form a single-file line and proceed down the staircase at the dive-end of the pool.
- Swimmers will each place their face mask in a plastic zipper (Ziploc or similar) bag and place it on the bench/chair behind the blocks and proceed directly to their assigned lane.
- Warm-up distancing will be conducted in accordance with local regulations and USA Swimming guidelines.
- After warm-up, coaches will direct swimmers to exit the pool one at a time by lane. Swimmers will immediately retrieve their masks, proceed down the pool deck on the scoreboard side, around the shallow end, to the stairs at the far end of the pool, and return to their designated spot.

## Competition

- To prepare for competition, twenty (20) lane timers and two (2) head timers will enter the pool deck and move to their designated lanes. Additional officials, if any, will enter the pool deck and take up their positions around the pool.
- At the start, timers will be three (3) feet back from the edge of the pool to provide safe distancing for all athletes.
- At the finish, timers will stand to maximize distance between timers and officials.
- To start competition, twenty (20) swimmers (the first two heats) will move from their designated areas to the staging area along the top of the bleachers and down the stairs to the pool deck. Swimmers will be lined up based on their seeded heat and lane.
  - Heat 1 swimmers will line up behind the block for their assigned lane. They will place their masks in the box labeled for their lane and their towel or parka, if any, in the chair directly behind their assigned lanes.
  - Heat 2 swimmers will stage, three (3) feet apart, on the stairs.
  - Heat 3 swimmers will line up in the spectator area, maintaining three (3) feet of social distance.

- The above procedure will be followed by all subsequent heats.
- All 50-meter events will start from the deep end of the pool. Prior to the start of a 50-meter event, the timers will walk single-file to the finish end of their assigned lanes. Swimmers will place their masks in a plastic bag and place the bag into the basket on the chair behind their assigned lanes. A Marshal or other volunteer will walk the baskets to the finish end of the pool and place the baskets on a chair behind the corresponding lane. Upon completion of the heat, swimmers will exit the pool, immediately put their masks back on, and proceed up the stairs to their designated areas.

- Wearing face masks and with cap, goggles, and a plastic zipper (Ziploc or similar) bag only, swimmers will exit the bleachers, form a single-file line and proceed down the staircase at the dive-end of the pool.
- Swimmers will each place their face mask in a plastic zipper (Ziploc or similar) bag and place it on the bench/chair behind the blocks and proceed directly to their assigned lane (the same lanes assigned for the pre-meet warm-up).
- After warm-up/cool-down, coaches will direct swimmers to exit the pool one at a time by lane. Swimmers will immediately retrieve their masks, proceed down the pool deck on the scoreboard side, around the shallow end, to the stairs at the far end of the pool, and return to their designated spots.
