Positive Check-In, Combined Distance Events,

All events 400m and above will be positive check-in. Given the length of the prelims, we will have to combine the distance events at the end of those sessions. The 12&U 400 IM, 12&U 800 FR, and 12&U 1500 FR will be timed finals and be swum combined age and gender but scored separately. They will swim slowest to fastest.

Timers for Distance Events

Swimmers in the 12&U 1500 FR, 13-14 800 FR, 12&U 400 IM, 11-12 400 FR, 13-14 1500 FR, 10&U 400 FR, and 12&U 800 FR will need their own timers and counters (if desired).

End Times for Prelims

The estimated timeline will be ultimately changed by the 50s of stroke taking half the time and the combined heats of distance events. The planned end times of each prelims sessions is below:

THURS: 13-14 FINISH (10:40AM), 12&U FINISH (4:02PM)

FRI: 13-14 FINISH (11:24AM), 12&U FINISH (4:50PM)

SUN: 13-14 FINISH (11:15AM), 12&U FINISH (3:56PM)

MON: 13-14 FINISH (11:04AM), 12&U FINISH (3:56PM)

Volunteers

All prelims timer slots are assigned. When parents sign up, they must list their contact information and club.

We have very tight timelines and we need to start sessions on time. If a timer slot is unfilled by the timer meeting, a coach of that club will time until a parent from that club comes down.

Timers should check in upon arrival at the pool and the timer meeting will be 30 minutes before the start of the session. All volunteers should check in downstairs at the swimmer entrance.

Any slot on the entire sign up that does not have a club noted is an “open” position that anyone may fill.

All parents that sign up understand that they may be moved to a different position at the discretion of the meet director.
