

Central Chesapeake Swimming  
P.O. 1120  
Bowie, MD 20718  
May 28, 2009

Potomac Valley Swimming,

Please accept this application for a grant to Central Chesapeake Swimming for supplies for a meet box. We host two meets a year, an "All Freestyle" and the Speedo Eastern States Senior Circuit.

Central Chesapeake Swimming is a PVS club with composed of 68 swimmers of which 80 % are minority category. We prepare our budget two years out and then adjust if we have a big change in numbers either up or down. We are budgeted for the same number of swimmers for next fall as we currently have. Since the change in PVS meet box policy came in February there is no money allocated in the 2009-2010 budget to buy supplies for our own meet box. If we are unable to host those our two scheduled meets it would have an even bigger effect on the club's finances which would negatively affect the program.

We are a club committed to growing the number of minority children involved in competitive swimming but are also committed to raising their performance level.

Attached is a breakdown of the supplies we plan to purchase and the cost.

Thank you,

John Mason  
Head Coach
