

March 2012 BOD Meeting

Sr. Chair Report

PVS Sr. / Jr. Championships

After all entries have come in, the size of both meets is roughly similar as are the timelines.

Qualifying times proven to be appropriate for both meets.

OME worked well from PVS perspective but was more work on clubs entering the meet, (according to several coaches who have spoken to me).

USA Swimming Grand Prix Series

Grand prix meets still filling up at an alarming pace...many G.P. meets closed entries only hours after opening up. This is most likely due to the Olympic year boom. USA swimming has said they would like to run an east coast and a west coast Grand Prix Series in the new quad (2013-2016). This will help with overcrowded meets and with travel expenses as well as missed school time for the HS aged athlete.

Bill Marlin

PVS Sr. Chair
