

Officials Report

March 17, 2013

- SC Senior and Junior Champs were well staffed and ran well. 21 National Certification evaluations were requested and performed by 4 evaluators. Due to a periodic shortage of timers, the Senior Champs meet had to be stopped a couple of times while awaiting additional timers.
- Leadership positions for the summer long course championship meets are currently being filled.
- Received guidance from USA Swimming about the Administrative Official position which is similar to the guidelines contemplated by PVS. Content and timing of the first clinics are being formulated by the Officials Committee.
- Officials Committee is reviewing PVS procedures for certification of stroke and turn officials while also examining requirements of other LSC's.

Respectfully submitted,

Mike Rubin
