Per PVS Policy, PVS clubs are required to have a certain number of certified officials based on their number of swimmers. The fine is \$250 per official less than the minimum. I will be contacting clubs that are not compliant.

Strategic Planning Chair Dave DiNardo helped with the updating of the PVS Bylaws. USA Swimming is planning on simplifying the model bylaws this fall, so we will likely be doing another update before next year.

My goals for the coming year include updating and reformatting the PVS Policies & Procedures document which hasn't had a re-write in 20 years, re-writing the PVS Bylaws as indicated above and streamlining some of the PVS administrative processes.
