EXPERIENCE

I have been a Member of PVS for 19 years. I got involved as an Official when my youngest daughter became a PVS Swimmer, and have continued to be active ever since.

I am completing my first term as Strategic Planning Chair, having been elected in 2016. I also served an unexpired term as Operations Vice Chair when the Vice Chair moved away from the area. I have also been a Member of the Officials Committee since 2008.

Over the past few years, I have become more involved with USA Swimming on a National basis, having worked several of the Championship Meets throughout the Country.

Over the past two years, I have been responsible for managing PVS's LEAP Submissions, as well as coordinating Strategic Planning and Board Governance Workshops for the PVS Board that were facilitated by USA Swimming.

I am confident that my professional background of over 30 years in Commercial Real Estate, as well as my experience in PVS and USA Swimming will continue to be an asset to the organization.
