EXPERIENCE

I started working as a USA-Swimming official about 7 years ago. With growing responsibilities as an official over the last couple of years, I have also seen there is room to increase Safe Sport awareness for everyone on deck - swimmers, coaches, officials, meet marshals, timers and other volunteers. I know that PVS (and USA Swimming) started to educate all involved parties over the years, but it is a subject that, for sure, has many angles, and is evolving rapidly.
